

JUDGE FARIS RESIGNS.

Following is the resignation of Chas. B. Faris, circuit judge, sent to the governor Wednesday:

As one of the nominees of the democratic party for judge of the supreme court, I feel that, in justice to my party, to my colleagues upon the ticket and to myself, I ought to devote a little time to extending my acquaintance among the voters. I am reluctant to do this while drawing a salary from the state for services upon the circuit bench.

I also feel that it is due the people that they be allowed an opportunity to express their preferences regarding my successor in the office I now have the honor to hold.

To these ends, I beg hereby to tender my resignation as judge of the 24th judicial circuit of Missouri, to take effect at midnight, October 4, 1912.

Very respectfully,
C. B. FARIS.

The Judicial Committee from this district met at Sikeston on Thursday to select a candidate to place on the democratic ticket to fill the vacancy caused by the resignation of Judge Faris, and selected Hon. Frank Kelley of Cape Girardeau.

Two names were presented to the committee, that of Mr. Kelley and Hon. Robert L. Ward of this city. Mr. Kelley getting three votes and Mr. Ward two—Scott and Pemiscot, the other three counties composing the circuit, New Madrid, Mississippi and Cape Girardeau voting for Mr. Kelley.

Of course we regret that the committee did not see fit to place Pemiscot's candidate on the ticket, for he is young, vigorous, a first-class lawyer, a thorough gentleman and in every way qualified for that high office.

Naught can be said against the nominee. He is fully qualified for the position, and this county will be for him.—Caruthersville Democrat.

James A. Finch of Farnfield was appointed by Governor Hadley to serve until the new judge is elected. This being an election to fill a vacancy, the judge elected will qualify for office as soon as convenient after the election, and will not wait, as many suppose, until the usual time for officers to qualify. Consequently, Judge Finch will not likely serve the people longer

EDITORIAL COMMENTS.

MEN WITH A PAST.

Because a man has made a mistake in life, repents and endeavors to lead a new life there should be nothing held against him. On the contrary, he should be encouraged. A helping hand should be extended. It is only the narrow minded who find it in their hearts to condemn.

Several years ago a Brooklyn attorney was suspended at the bar. His fault was admitted and was a minor one. He disappeared. His friends believed that he had committed suicide. Not long ago he was discovered to be the leader of the minority in the Michigan state senate.

Only a short while ago the chief of police of Danville, Va., was identified as a fugitive from the State of Georgia. In Tennessee the fact that Gov. Hooper was a founding was urged against him in the campaign, but he was elected by a substantial majority. Recently, a candidate for governor, in a western state was recognized as one who in youth had participated in a crime of violence on the Texas border.

Just at present, the nominee of this party for prosecuting attorney in Oklahoma City, was at one time a desperado.

Caleb Powers, after awaiting trial eight years in the State of Kentucky, for complicity in the murder of Governor Gobel, was elected to congress immediately upon his release.

Francis Murphy, the greatest temperance lecturer and worker the world has ever known and who gave all of his after life to

than the middle of November, at the most.

At the meeting of the republicans at Sikeston Friday, to nominate a candidate for circuit judge of this district, the meeting was harmonious, and after waiting until midnight, when the resignation of Judge C. B. Faris became effective, nominated Ed. D. Hayes of Jackson. Judge Hayes is well known, being the present probate judge of Cape Girardeau county.

Burning of the Frisco Depot at Hayti, February 22, 1911.

Twenty months ago the above scene took place, our handsome depot was left a pile of ashes, and a string of old, dirty, dingy, worn out box cars were switched in to be used by the employees and the traveling public. The Frisco has since made many promises, only to break them, even sending Supt. McCarty here to persuade the people to defer action, and now, it is said, they are writing certain railroad employees here to use their influence to stop the talk of the people for a new depot, the Frisco needing its money to buy "rolling stock." But will the people continue to be fooled?

the cause, came up from the most hopeless drunkard in the gutter.

In Pemiscot county we have had some examples worthy of consideration, in more than one political campaign, and those men who have sought to hound the man with a "past" have seen themselves go down in defeat before a frowning public.

It is pleasing to note that in every one of these cases the fact was either known or the identity was admitted and that the honorable record of after life was generally accepted as atoning for early mistakes or obscure origin. Publicity, therefore, while painful in some instances, has not operated to discourage those who in many other places are seeking honestly and industriously to overcome the disadvantage of a bad start.

Experiences such as these give heart to optimist and furnish reformers with ever-increasing zeal. They prove the genuineness of a democracy which does not dwell unduly upon the past of any one or anything.

There was a time when the past meant everything. Every new-comer was questioned. It

is encouraging to feel that people have become more liberal in their views.

There are few families that have not hidden far away a skeleton of great or small dimensions. This is probably not so much out of fear of criticism, but because the review is painful.

It is human to make mistakes, and atonement should always be accepted; it is what a man does in his after life which counts. If he continues to pursue the wayward way, then he is beyond redemption, but if he turns to advantage the latter days and distinguishes himself in the after life, then he should enjoy the same confidence as other men enjoy.

BE AT THE POLLS.

Every farmer of Pemiscot county should by all means cast his ballot against the single-tax proposition on November the 5th. The defeat of this measure depends upon the vote of the farmer. The purpose of a single-tax law is to put the burden of taxation upon the land owner and this means upon the farmer. By such a law the taxes upon real estate will be necessarily and greatly increased, because it takes a certain amount of money to run public affairs each year and this sum is now made up from the money paid by every citizen who owns personal and real property or either, including stocks, bonds, notes, cash, etc. With the single-tax law on the books, the citizen who owns no real estate, however much personal property or cash he owns, would not have to pay one cent for the support of the state in which he lives, but the expense thereof would fall entirely upon the land owner and consequently the farmer whether he farms his or somebody else's land.

Order of Publication.

STATE OF MISSOURI, ss.
COUNTY OF PEMISCOT.
In the Circuit Court, November term, 1912.

Mattie Morgan, Plaintiff,
vs.
Walter Morgan, Defendant.

The State of Missouri to the Above Named Defendant,—GREETING:
You are hereby notified that an action has been commenced against you in the Circuit Court of the County of Pemiscot, in the State of Missouri, for the purpose of dissolving the bonds of matrimony heretofore contracted between the plaintiff and said defendant, on the grounds of indignities, which said action is returnable on the first day of the next term of said Court, to be begun and holden at the courthouse in the City of Caruthersville, in the County of Pemiscot and State of Missouri, when and where you may appear and defend such action; otherwise Plaintiff's petition will be taken as confessed and judgment rendered accordingly.

And it is further ordered, that a copy hereof be published, according to law, in the Hayti Herald, a newspaper published in said County of Pemiscot, for four weeks successively, published at least once a week, the last insertion to be at least fifteen days before the first day of said next November Term of this Court.

E. S. Huffman, Circuit Clerk.
By Leslie Ferguson, Deputy.
A true copy from the record.
Witness my hand, and seal of the Circuit Court of Pemiscot County, this 25th day of September, 1912.
[seal] E. S. Huffman, Circuit Clerk.
Leslie Ferguson, D. C.

This proposition may carry, because in the cities the voters are in favor of the law, as there are no farmers in the cities, and if the farmers go to sleep on November the 5th and stay away from the polls and not vote, they may expect to have to pay the fiddler while the other fellows do the dancing. So remember, Mr. tiller of the soil, it is a business proposition with you to be at the polls and vote against the single-tax law. If you stay away the big vote in the cities may carry it, and hereafter if you rent, the rent you will have to pay will be added to it the tax put upon the land you rent by the single-tax law, which means you will pay higher or double or perhaps treble rent. Beat the polls and see that your neighbor understands what is about to happen to him. It is of vital importance that he should know. And incidentally while at the polls vote for Woodrow Wilson. This is of vital importance also to the farmer as well as to every man who earns his living with his hands. Be at the polls, and vote the straight democratic ticket if you never did before.

Deafness Cannot Be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.
We will give one hundred dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
